Digital Marketing Content and Advertising Essentials – Course Outline and Schedule

Programme Overview / Synopsis

Digital marketing and advertising are no longer optional—they are the driving force behind brand growth and customer engagement in today's digital-first economy. This masterclass is designed to provide participants with both the strategic insights and practical skills needed to design, execute, and measure high-performing campaigns across key platforms including Meta, TikTok, and Google.

Tailored for entrepreneurs, marketing managers, business owners, and professionals, the programme ensures participants gain the expertise to build impactful campaigns, target audiences effectively, optimize ad spend, and measure results for sustained business growth.

Duration

Two (2) Days

Learning Outcomes / Objectives

By the end of this training, participants will be able to:

- Create and brand effective social media business pages
- Design and implement high-impact ad campaigns on Meta, TikTok, and Google
- Convert traffic and engagement into qualified leads and customers
- Leverage competitive intelligence to gain an edge
- Manage online reputation and respond to crises effectively
- Analyze campaign performance using advanced analytics tools
- Optimize ROAS with proven targeting and creative strategies

Training Methodology

- Interactive lectures with real-world case studies
- Hands-on workshops with Ads Manager tools
- Practical exercises: live ad creation and optimization
- Guided group discussions and scenario-based simulations
